Zain Abo Almagd

Web developer / full stack developer (MERN) / backend developer/ Node js developer / python developer

Sohar, Al Batinah North Governorate, Oman

Summary

I am a Computer Science graduate with a strong and diverse skill set in programming, web development, and data analytics. Proficient in Python, JavaScript, SQL, and the Django framework, I have also gained hands-on experience in Node.js development. My technical expertise is backed by completing industry-recognized certifications, including Python programming, a Node.js course by Mosh Hamedani, and the Zero to Hero Full-Stack Web Development course by ZTM. I am currently expanding my skills in JavaScript, delving into advanced topics like third-party middleware in Express.js.

Professionally, I bring 2 years of experience as an Accountant and Assistant Manager at Aseer Time Company in Sohar, Oman. In this role, I have honed my analytical, managerial, and problem-solving skills, contributing to the company's operational efficiency and success.

Driven by a commitment to continuous learning, I actively stay updated with the latest industry trends to enhance my professional and technical expertise. I am passionate about leveraging my blend of technical and managerial skills to develop innovative solutions and contribute meaningfully to a forward-thinking organization.
